**Slow Release Lawn Fertiliser**

- Thicker, greener lawns
- One application provides season long healthier & greener lawns
- Builds lawns from the roots up to crowd out weeds
- Feeds continuously without surge growth

Professional turf managers and home gardeners around the world rely on the Lawn Builder slow release technology to build thicker, greener lawns and recreational turf.

**Directions For Use**

**When to Apply**

Apply anytime of year. For best results apply three times per year.  
 • Early spring • Early summer • Autumn

**Application Tips**

1. Apply evenly at the rate of 14g/m<sup>2</sup>. Fertiliser granules should be spaced out as illustrated.

2. For best results use a Scotts Spreader, however if applying by hand ensure even distribution.
3. Sweep excess granules off paths, driveways, shoes, etc. to avoid iron stains. See important note below.
4. Do not use on new turf less than 8 weeks old. Use Lawn Builder New Lawns & Repairs instead.
5. Use half of the suggested rate for summer application on cool season grasses, e.g. Bent Grass.
6. Fertiliser application should be avoided if temperature is expected to exceed 30°C.
7. Lawn Builder is not recommended for use on other plants.

**IMPORTANT:**

This product when wet, will cause iron stains. Be sure to sweep all granules off paths, coping, paving, driveways, shoes, etc. immediately after use. Do not allow the granules to come into contact with these surfaces when wet.

**How to Apply**

**\*Dry Method:** During water restriction periods, apply to lawn without watering in. Lawn Builder is safe on lawn until next rain or watering, when evenly and correctly applied with a spreader, Guaranteed to green the lawn within one week of obtaining moisture.

**Fast Method:** Apply and water in thoroughly.

Mercury (Hg)	<0.1

**The Scotts Difference**

Unlike traditional fertilisers, every particle of Scotts Lawn Builder™ contains Scotts' patented timed-release Nitrogen and Potassium that are formulated to release nutrients just as your lawn needs them.

- ✓ Your lawn will be greener and stay greener for up to ten weeks.
- ✓ Controlled feeding eliminates waste, prevents burning and surge growth.

**CAUTION**

**KEEP OUT OF REACH OF CHILDREN.**

This product contains non-poisonous fertiliser salts. Avoid eye contact with contents. If contact occurs, flush eyes with water immediately for 15 minutes.

**FIRST AID:** If poisoning occurs, contact a doctor or Poisons Information Centre on 13 11 26 (Australia) or 0800 764 766 (New Zealand).
