

Osmocote® Plus

Controlled Release Fertilizer

Low Phosphorus 17+1.5+8.5+0.6Mg

+ All trace elements (B, Cu, Fe, Mn, Mo, Zn)

Controlled Release Fertiliser

GUARANTEED ANALYSIS:

| | |
|---|-------------------------------|
| 17.0 % Nitrogen (N) | |
| 8.6 % nitrate nitrogen | |
| 8.4 % ammoniacal nitrogen | |
| 1.5 % Phosphorus (P) | |
| Soluble in neutral ammonium citrate and water | |
| 1.2 % P water soluble | |
| 8.5 % Potassium (K) | |
| Water soluble (chloride free) | |
| 4.1 % Sulphur (S) | present as sulphates |
| 0.6 % Magnesium (Mg) | |
| 0.01 % Boron (B) | present as Boric acid |
| 0.025 % Copper (Cu) | present as Copper sulphate |
| 0.2 % Iron (Fe) | |
| 0.10 % present as Iron Sulphate | |
| 0.10 % present as Iron EDTA | |
| 0.03 % Manganese (Mn) | present as Manganese sulphate |
| 0.01 % Molybdenum (Mo) | present as Sodium molybdate |
| 0.01 % Zinc (Zn) | present as Zinc sulphate |
| 11.0 % Organic resin coating | based on vegetable oils |

| Average soil temperature | Longevity |
|--------------------------|--------------|
| 16°C | 15-17 Months |
| 21°C | 12-14 Months |
| 31°C | 6-7 Months |

The longevity at 21°C is based on laboratory testing.

NOTICE

Warranty of this material either expressed or implied is limited to a guarantee of the composition as shown on the label in as much as uses are beyond the sellers control. For the same reason seller is not liable for any injury to living things, crops, soils, or materials which may result from the use or storage of this material.

CAUTION

Harmful if swallowed. Do not inhale. Keep out of reach of children. Store under dry conditions. Partly used bags should be closed well.

TRIAL BEFORE CHANGE

Before a new rate, product or application method is used, a small trial is recommended.

REPACKAGING

Not allowed without written approval from Scotts Australia Pty Ltd.

DESCRIPTION

Osmocote® Plus controlled release fertiliser contains NPK macronutrients as well as essential trace elements in one granule. Osmocote® Plus can thus provide a delivery of plant nutrients over the longevity periods indicated. Designed specifically for long term and large container phosphorus sensitive crops. This product can be mixed in, topdressed or dibbled in the planting hole. Osmocote® Plus is effective in all commonly used substrates and the release of nutrients is not influenced by pH, salt concentration or water quantity.

| Suggested application rates | Potted crops | In ground plantings |
|---|--|-------------------------|
| Phosphorus sensitive crops General low P In ground: planting Annually | 5.0-6.0kg.m ³ 6.0-8.0kg/m ³ | 75g/plant 150g/plant |
| These rates are based on unfertilised potting substrates or soil. pH has to be adjusted according to crop requirements. For more detailed instructions for use see relevant brochures. For controlled growth of short term flowering crops. | | |
