

Peters® Professional

Water Soluble Fertilizer

UNI-MIX PLUS® III

Complete Plug Growing Media Nutrient Charge with Wetting Agent
10+2.2+8.3+T.E.

Description:

- **Uni-Mix Plus III** is a specifically formulated fine powder for incorporation into all plug and small cell seedling and tissue culture propagation systems.
- **Uni-Mix Plus III** has been formulated with a low level (10%) of slow release (8 week) nitrogen to support steady growth. A low level phosphorus promotes a shorter internode with dark green foliage. All trace elements are provided with a wetting agent to ensure the correct water to air ratio and easy rewetting of dry cells.
- **Uni-Mix Plus III** is designed to be compatible with the use of Peters water soluble fertilisers to allow control of growth rate. Ask your Scotts distributor for our full seedling Technical Bulletin.

GUARANTEED ANALYSIS:

Total nitrogen (N)	10%
0.1% ammoniacal nitrogen	
4.6% nitrate nitrogen	
5.3% slow release methylene urea	
Phosphorus (P) derived from calcium phosphate	2.2%
Potassium (K) as nitrate	8.3%
Calcium (Ca) as nitrate and sulphate	6.0%
Magnesium (Mg) as sulphate	3.0%
Sulphur (S)	5.0%
Boron (B) as boric acid	0.02%
Copper (Cu) as sulphate	0.05%
Iron (Fe) as sulphate	0.75%
Manganese (Mn) as sulphate	0.15%
Molybdenum (Mo) as sodium molybdate	0.004%
Zinc (Zn) as sulphate	0.15%
Wetting Agent (non ionic)	

Potential Acidity: 30kg. calcium carbonate equivalent per tonne.

Use Suggestions:

- Incorporate at 1.0kg/m³ in addition to limestone if required.
- Start using Peters® Plant Starter fertiliser as a liquid application at planting or no later than two weeks after planting.
- Never steam sterilise mixes containing Uni-Mix Plus III.

SAFETY INSTRUCTIONS

For safety instructions please refer to the material safety data sheet.

WARNING:

May be harmful if swallowed or inhaled. May cause irritation.

- Avoid contact with eyes, skin and clothing.
- Wash thoroughly after handling.
- Avoid breathing dust.
- Do not swallow.

FIRST AID

In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. Call a physician. Flush skin with water (wash clothing before reuse). If poisoning occurs, contact a doctor or Poisons Information Centre on 13 11 26 (AUS) OR 0800 764 766 (NZ).

SPILLS AND DISPOSAL

If spilled, absorb with an inert, non-combustible material and remove for disposal. Dispose of all waste in accordance with applicable government regulations.

FOR PROFESSIONAL USE ONLY.
